SOPATENE

Natural Animal Feed Additives

SOP NUTRACEUTICALS

"Innovating Health Through Nature"

Naturally Impactful Nutrition for Healthier Animal

Sopatene is a premium nutritional additive formulated specifically for animal feed. Derived naturally from palm-based tocotrienols and carotene, it is designed to support healthier livestock and help producers achieve more consistent product performance. With its 100% plant-based origin, Sopatene delivers a clean, safe, and reliable solution aligned with modern poultry production standards.

Specific Benefits for Layers

- Helps increase egg size for improved market value
- Enhances yolk pigmentation, resulting in more desirable egg color
- Increases tocotrienol levels in eggs, adding nutritional value for consumers

Supports a stronger immune system for better disease resistance

Promotes optimal growth and healthy development

Enhances reproductive function and fertility performance

Provides powerful antioxidant protection against oxidative stress

Contribute natural coloration to the products

Provide Pro-Vitamin A activity

SOPATENE

Recommended usage

0.1 - 0.3% of total feed. *(1-3kg for 1000kg feed)*

Method of usage: Pre-mix or direct blend into feed.

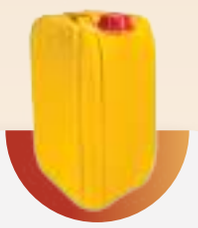
Packaging Options



Jerry Can

Available in 18KG

HDPE Drum

Available in 190KG

About Us

SOP Nutraceuticals Sdn Bhd is a wholly owned subsidiary of Sarawak Oil Palms Bhd (SOP), established in 1968 as a joint venture between the British Government's Commonwealth Development Corporation and the Sarawak State Government.

Now a vertically integrated, sustainable palm oil producer listed on Bursa Malaysia, SOP produces refined palm oil, olein, stearin, biodiesel, methyl esters, glycerine, carotenes and tocotrienol-rich concentrates in oil, and powder form. Our non-GMO products are extracted from high quality palm oil sourced from long-established, MSPO-certified sustainable plantations.

Why Choose Us?

- ✓ **Sustainably sourced palm-based carotene**
- ✓ **High stability & purity**
- ✓ **Technical Support & Documentation expertise**
