 Navara Oat Milling Ltd

Our business

At Navara Oat Milling we are dedicated oat millers focused on growing, sourcing and milling the best quality British oats in a sustainable way. Oats are growing in popularity as they are a nutritious and versatile food ingredient widely used in cereals, bakery and biscuit production as well as in the beverages and cosmetics sectors.

Navara is a joint venture between three experienced partners in the UK grain supply chain – namely Camgrain, Anglia Maltings and Frontier Agriculture. Their expertise and relationships with farmers and customers enable us to offer support, advice and leadership in all elements of agronomy and the delivery of a high quality and consistent product range.

The best of British

All Navara oats are British and meet our quality specifications as well as being produced in a sustainable manner – all our farms are within circ. 75 miles of the mill, minimising land miles and enabling us to offer our customers provenance for every oat, every day.

Our team prides itself in building strong relationships with our customers, offering support and expertise in agronomy practices, product development and technical capability, in order to deliver solutions that meet their needs and expectations.

Customers at the heart of our business

Our milling takes place in the heart of the UK at Kettering, where our state of the art production facility takes fantastic oats from our farming partners and produces a full range of oats, groats, oat flakes and flour to the individual specification required by our customers – our focus being excellence in customer service.

Our values are the SPIRIT of Navara

Sustainability

We care for our planet and the communities in which we operate. Environmental sustainability is critically important to the UK food supply chain and at Navara it is our key focus.

Passion

We are passionate about great quality in our oats and the products we produce, our team is driven by both quality and service.

Integrity

Life, business and agriculture is full of decisions and choices, we at Navara are committed to acting in the right way, with integrity each and every day.

Respect

Our people are our greatest asset, we listen and engage with our teams, our customers and our suppliers and ensure we always operate respectfully.

Innovation

Our approach is to challenge ourselves to do better, innovating with our products and processes. We strive for continuous improvement.

Teamwork

As individuals we are strong. However, in our business we believe we can achieve more by working together.
