

# FOOD AND BEVERAGE INGREDIENTS

A full service raw  
material supplier  
and distributor

Service is central  
to what we offer

Global sourcing  
Local warehousing

A family owned  
business for more  
than 45 years

## Your Full Service Raw Material Supplier and Distributor

As a global importer, distributor and supplier of various commodity and specialty chemicals, Wego has a strong ability to service the food and beverage industry.

### Reliable Sourcing and Value-Added

With decades of experience in sourcing reliable chemical supply, Wego consistently finds steady and competitively priced supply chains. With our logistics management expertise, Wego focuses on the provision of value-added supply chain solutions to our customers in need of food and beverage ingredients.

### Worldwide Network

Wego has established long-standing partnerships with manufacturers of raw materials with applications and uses in the food and beverage industry. Our strong worldwide network and sourcing capabilities establish Wego as a premier supplier for food and beverage ingredients around the world.

## Our products

### ACIDULANTS

Citric Acid – E330  
Fumaric Acid – E297  
Glucono-Delta-Lactone - E575  
Lactic Acid – E270  
Malic Acid – E296  
Potassium Citrate – E332  
Succinic Acid – E363  
Tartaric Acid – E334  
Trisodium Citrate – E331

### AMINO ACIDS

Beta Alanine  
Creatine  
DL Alanine  
Glycine – E640  
L-(Iso)Leucine  
L-Lysine  
L-Valine  
Sodium Glycinate – E640  
Taurine

### PRESERVATIVES

Benzoic Acid – E210  
Calcium Propionate – E282  
Nisin  
Potassium Sorbate – E202  
Sodium Acetate - E262  
Sodium Benzoate – E211  
Sodium Diacetate - E262(ii)  
Sorbic Acid – E200

### ANTIOXIDANTS

Ascorbic Acid – E300  
Butylhydroxytoluene BHT – E321  
Calcium Ascorbate – E301  
Erythorbic Acid – E315  
Sodium Ascorbate – E302  
Sodium Erythorbate – E316

### THICKENERS / GUMS

Carboxy Methyl Cellulose CMC – E466  
Guar Gum – E412  
Sodium Alginate – E401  
Xanthan Gum - E415

## PHOSPHATES

Dipotassium Phosphate – E340  
Disodium Phosphate – E450i  
Monopotassium Phosphate – E340i  
Mono Calcium Phosphate – E341i  
Mono Sodium Phosphate – E339i  
Sodium Acid Pyrophosphate – E450  
Sodium Hexametaphosphate – E452  
Sodium Tripolyphosphate – E451  
Tetrasodium Pyrophosphate – E450ii  
Tricalcium Phosphate – E341

## SWEETENERS

Acesulfame-K – E950  
Aspartame – E951  
Dextrose  
Erythritol – E968  
Fructose  
Maltitol – E965  
Maltodextrin  
Mannitol – E421  
Sodium Cyclamate – E952  
Sodium Saccharin – E954  
Sorbitol – E420  
Sucralose – E955  
Trehalose  
Xylitol – E967

## PROTEINS

Pea Protein  
Soy Protein Concentrate  
Soy Protein Isolate  
Texturized Soy Protein

## OTHERS

Caffeine Anhydrous  
Coenzyme Q10  
(Ethyl-) Vanillin  
Gelatine - E441  
Glycerin - E422  
Lecithin - E322  
Menthol  
Monosodium Glutamate  
Starches
