Our commitment:

Independent
Establishing unbiased, independent collaborations focused solely on our clients' interests and launch ambitions.

One-stop-shop
Multidisciplinary team with over 75 years industry experience and a massive network with personal entrance.

Agile & Fast
Our expertise and agile project management accelerates your time-to-market and bypasses all common pitfalls.

FOODFLOW

Our **proven method** optimizes food production, **boosting efficiency** and impact. It ensures compliance, **prevents pitfalls** and **secures IP**. Each stage is designed to **scale your innovation** in an **agile** way:

✅ **Comprehensive product & pack brief**
Design your optimal asset-light production chain
Define the project scope and supplier profile.

✅ **Validated list of potential partners**
Deploy FoodFinder, our network and platforms
Incognito scouting for the ideal partners.

✅ **Final partner handshake**
Clarification, setup trials and quality screening
Cost assessment and negotiation support

✅ **Successful market launch**
Prepare for 1st production and organize sourcing
Finalize supply agreement and SLA.
