Trusted by:

Our commitment:

Independent

Establishing unbiased, independent collaborations focused solely on our clients' interests and launch ambitions.

One-stop-shop

Multidisciplinary team with over 75 years industry experience and a massive network with personal entrance.

Agile & Fast

Our expertise and agile project management accelerates your time-to-market and bypasses all common pitfalls.

 FOODFLOW

Our **proven method** optimizes food production, **boosting efficiency** and impact. It ensures compliance, **prevents pitfalls** and **secures IP**. Each stage is designed to **scale your innovation** in an **agile** way:

✓ **Comprehensive product & pack brief**

Design your optimal asset-light production chain
Define the project scope and supplier profile.

✓ **Validated list of potential partners**

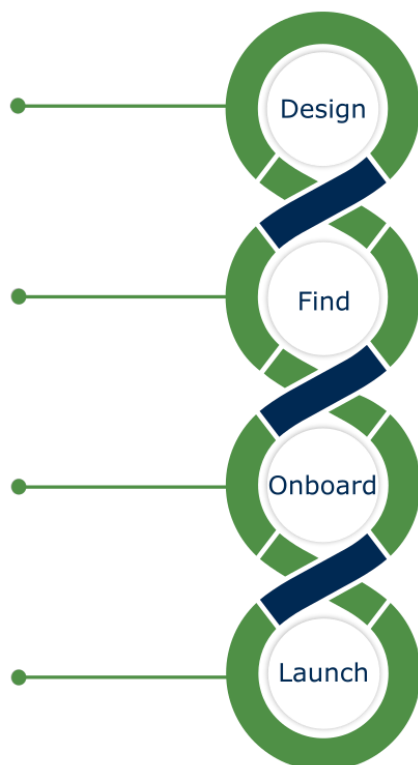

Deploy FoodFinder, our network and platforms
Incognito scouting for the ideal partners.

✓ **Final partner handshake**

Clarification, setup trials and quality screening
Cost assessment and negotiation support

✓ **Successful market launch**

Prepare for 1st production and organize sourcing
Finalize supply agreement and SLA.
