Advanced Antioxidant Formula with Liposomal Glutathione by BART®

Designed to combat oxidative stress a key driver of cellular aging this formula features Liposovit® liposomal glutathione by BART®, delivering superior stability and bioavailability compared to conventional glutathione. Known as the “master antioxidant,” glutathione supports cellular defense, detoxification, and immune health for everyday wellness and healthy aging.

Key ingredients

- Liposovit® Glutathione – 250 mg (equivalent to 100 mg of reduced glutathione)
- Vitamin C – 40 mg (Ascorbic Acid) 50 % VRN
- Selenium – as L-selenomethionine – 55 µg

Nutrient	EFSA Authorized Health Claim
Vitamin C	• Contributes to the normal function of the immune system. • Contributes to the protection of cells from oxidative damage. • Contributes to normal collagen formation for the normal function of the skin.
Selenium	• Contributes to the protection of cells from oxidative damage.

DOSAGE AND ADMINISTRATION

- 1 capsule daily, preferably taken with water.

Galenic Form

- Hard capsule, size 00, purple color.

ADVANTAGES OF LIPOSOMAL GLUTATHIONE VS. CONVENTIONAL GLUTATHIONE

- Conventional glutathione is poorly absorbed due to breakdown in the digestive tract.
- Liposovit® liposomal technology protects glutathione and enhances its absorption, delivering high stability, superior bioavailability, and optimal cellular uptake.
- Its preservative-free, highly stable liposomal structure validated by advanced Cryo-TEM analysis ensures effective delivery and protection of the active ingredient.

INGREDIENT SYNERGY

The CLOVERTY formula enhances antioxidant protection through ingredient synergy.

- Vitamin C contributes to the regeneration of the reduced form of glutathione.
- Selenium contributes to the normal activity of glutathione peroxidases.

Together, these nutrients contribute to the protection of cells from oxidative stress.
