BUNGE

Biscuitine 341 FAST

Ingredient solution
Multi-purpose fat for sandwich biscuits and wafer fillings

Product application
Marbled sandwich biscuit with a light, aerated yuzu-flavored filling

Dough and filling prepared with
Biscuitine 341 FAST

- *Offers the optimal crystallization profile for sandwich biscuits and wafers to ensure strong production line performance*
- *Delivers consistent functionality across both the dough and the filling*
- *Enables the formulation of light, aerated fillings*
