

CONTRACT MANUFACTURING

Formulation, Encapsulation, Packaging

Solutions for healthcare industry.

*“Our success is
our customers satisfaction”*

Sochim International, leader in raw materials distribution and in private label contract manufacturing, decided to add to the successful existing **Capsules, Tablets, Sachets** and **Stick Pack** lines, a new one for **Softgels** production. The whole manufacturing plant is ISO and GMP certified for **Food Supplements** and **Medical Devices**.

investment

Our investment in advanced technology, state of the art equipment and highly specialized staff, make us proud to be the Italian private company with the highest production capacity i.e. **More than 300.000 Softgels/hour**. Sochim international's goal is to become a solid leading company.

team

Our team of experts, owning a long experience, competence and know-how in this field, works to satisfy all the different needs, **supporting customers**, step by step, **from raw materials up to finished products**.

R&D

Our R&D and technical department are at customer's total disposal **to study the best formulation, to design color and shape of the softgel** in order to guarantee a tailor-made product.
