

WHY WORK WITH DSI

-  Natural, Upcycled and Cruelty- Free
-  Sustainability in Growing, Sourcing, and Producing
-  Traceability & Scalability
-  Ensuring Sustainable Economies for farmers

LET'S WORK TOGETHER FOR A BETTER WORLD

Join us, as we strive to develop new technologies to deliver high-value natural ingredients to manufacturers, distributors and other business partners that can be used in **Food & Beverage, Nutraceutical, Cosmeceutical** industries amongst others.

Our aim is to complement the customer's business and sustainability agenda by:

Various grades of natural ingredients

Focus on the health & wellbeing of end consumers

High Quality and safety-tested ingredients

For more details please reach out at Info.DSI@doleintl.com

Dole Specialty Ingredients

Dole Specialty Ingredients (DSI) is a corporate venture focused on transforming plant/fruit side streams into high-value specialty ingredients such as enzymes, fruit powders, oils, dietary fibers and others.

Through Science-Backed Innovation, and direct processing at our farms, we aim to deliver **Natural ingredients** and offer **Large, Traceable, and Sustainable** supply throughout the year.
