WHO ARE WE

We are company dedicated to solving confectionary problems. Since 2010 we have been involved in the production of specialty glazing, polishing and release agents. We also are a supplier of food additives, colours, specialty release oils and waxes. As Dolkem, we offer specially designed formulas to fit customer needs as well as technical support on site upon customer requests. All our products are composed of pure food grade raw materials which meet their U.S.P. and/or F.C.C. specifications. Dolkem Kimya is FSSC 22000 certified since 2015 and Halal certified since 2016.

WE HELP

We are a company driven by one mission and one mission only, fulfilling customer's needs. We take your needs to heart and strive to become your one step solution in confectionary.

All our individual house brands are working hard to improve your confectionary business. By separating into houses, we allowed each individual house to create mastery in their related area. We are a company with passionate with its mission. Our product development team is continuously improving the quality and is driven to design new products to meet your needs.

SEAL

Baygloss[®] 5500 Series

Specifically designed for chocolate and sugar coated surfaces, baygloss 5500 your best friend to seal your product's shine. Its versatile design can be applied in both conventional and automated panning system and help you sustain that hard worked appeal of your products.

Standard Packaging: 12KG NET
Form: LIQUID
Certificates: HALAL & KOSHER

Baygloss[®] 5800

Liquorice production can be a sticky business. So, to save you the frustration we created baygloss 5800. A dipping bath solution that will help you produce a transparent glossy finish with a none sticking character to all your liquorice products.

Standard Packaging: 12KG NET
Form: LIQUID
Certificates: HALAL & KOSHER

DRAGEEES

Baygloss[®] 4100

This confectioners glaze is everyone's favourite, and we are sure it will be yours too. A perfect polishing solution for chocolate and compound chocolate goods. This uniquely formulated line of glazing agents provides you a quick uniform coverage at a reduced rate of application while providing a very rapid tack-free drying and polishing.

Standard Packaging: 15KG NET
Form: LIQUID
Certificates: HALAL & KOSHER

Baygloss[®] 228

For Moulds and Conveyor Belts. Formulated specially for prevention of sticking in the moulds used in the bakery sector acts as a release and ant-sticking agents.

Standard Packaging: 12KG NET
Form: LIQUID
Certificates: HALAL & KOSHER

Baywax[®] 300 Series

This unique series of blend of waxes starting from pure beeswax, microcrystalline to carnauba waxes and more. Depending on your needs, we offer various blends or in pure formats and in different grades of waxes. It is applied directly on to the sugar-coated confectionaries and continuously run without air until a brilliant, tack free, high gloss finish is achieved.

**Standard Packaging: 25KG NET
Form: POWDER, PELLET OR FLAKE
Certificates: HALAL & KOSHER**

Baywax[®] Pre-Coat

A rising Star. Baywax Pre-Coat is a twostep coating process which helps fat migration from the coated centres by establishing a barrier between the centre and the coating.

**Standard Packaging: 25KG NET
Form: POWDER AND LIQUID
Certificates: HALAL & KOSHER**

SUGAR

Baywax[®] Gum Arabic

Also known as Gum Acacia is natural raw material mainly sourced found in the Gum-Belt region in Africa. Baywax Gum Arabic is a highly purified, homogenous powder that is easily soluble for an effortless use. The versatile nature of the product makes it staple in food industry.

Standard Packaging: 25KG NET
Form: POWDER
Certificates: HALAL & KOSHER

Baywax[®] Talcum

High grade pharmaceutical powder that helps polish both sugar and chocolate centred candies where the environmental conditions are not at required standards. Helps reduce moisture and achieve the necessary shine. Also, can be used in the production of chewing gum.

Standard Packaging: 25KG NET
Form: POWDER
Certificates: HALAL & KOSHER

SWEETS

Baypolish[®] 4600

This confectioners glaze is ready for pan polishing both your hard and soft sugar-coated candies. This unique formula is blend of waxes with a highly stable liquid dispersion of oils which will allow your products' vibrant colours to have an impeccable pop. Also, along with a beautiful polish it will help your products to be protected by the various common fluctuations or the surrounding environments such as humidity and temperature.

Standard Packaging: 12 KG NET
Form: LIQUID
Certificates: HALAL & KOSHER

Baypolish[®] 7070

Baygloss 7070 is a ready to use liquid polish that provides an elegant finish on mogul produced starch moulded gums, jellies etc. They minimize sticking and bonding of the pieces while at the same time prevent drying.

Standard Packaging: 12KG NET
Form: LIQUID
Certificates: HALAL & KOSHER

Baypolish[®] 7080

The pasty format with smooth distribution of mixes of natural waxes and natural oils, baypolish 7080 is specifically designed to polish Jelly Beans.

Standard Packaging: 12KG NET
Form: PASTE
Certificates: HALAL & KOSHER
