ABOUT DAVOS LIFE SCIENCE

- 2004** ● Davos Life Science was founded in Singapore as one of the world's largest manufacturers of Tocotrienols.
- 2005 - 2010** ● Kuala Lumpur Kepong Berhad (KLK) begins investing in Davos Life Science. KLK is a leading international plantations group listed on Main Market of Bursa Malaysia Securities Berhad with a market capitalisation of approximately RM21.7 (USD5.2) billion at the end of September 2021.
- 2010** ● Davos Life Science is fully incorporated into the KLK OLEO Group of Companies. KLK OLEO is a leading oleochemicals manufacturer with 13 manufacturing facilities worldwide supplying to over 120 countries.
- 2012** ● Manufacturing facilities were expanded and relocated to Westport, Malaysia.
- 2018** ● We diversify our phytonutrient offerings to include natural mixed carotenes.
- TODAY** ● Davos Life Science is one of the leading market players producing high quality Tocotrienols and Mixed Carotenes.
