About Us

Petrou Nuts S.A. is a Greek company that specializes in the processing of organic and conventional nuts, creating nut products, intended for industrial and confectionery use.

We belong among the few companies that can successfully support the claim of **CLEAN LABEL** nuts by strictly prohibiting the existence of the most critical allergens, including peanuts.

In our 54-year-old journey we formed strong partnerships governed by mutual trust and respect. Today our clientele includes approximately 85% of the domestic food market and showcases partnerships with multinationals such as Mondelez, Unilever and Nestle.

We strive to provide top quality products **FREE FROM** additives, preservatives, artificial aromas and colouring.

Our mission is to offer the best with utmost integrity and transparency in our processes.

Staying faithful to that mission ever since our beginning we have always applied innovative quality and safety systems in compliance with international standards and today we manage 7 food safety, quality and corporate responsibility systems:

ISO9001, ISO22000, FSSC22000, ORGANIC, SEDEX SMETA, KOSHER, HALAL.

Our Nut Varieties

We process the following types of nuts:

Hazelnuts

Almonds

Pistachios

Walnuts

Cashews

We use only last harvest nuts for the making of our products.
