

High Quality

Low Molecular Weight Fucoidan Expert

OliFuco[®] FucoBalan[®] Nutrition & Nutraceutical Ingredients / Products
FucoSkin[®] Beauty & Skincare Ingredients / Products

Hi-Q is dedicated to the development of high quality health products with world-leading marine biotechnology since 1998. The name "Hi-Q" represents "High Quality", the commitment to scientific research and quality assurance ensures that Hi-Q's marine-based products meet the highest standards of safety, efficacy, and sustainability. We positioned Hi-Q brand as the leading health brand committed to "guarding the health of the whole family" and continues to pursue the brand's vision by implementing the corporate philosophy of "nature, health, and happiness.

Hi-Q specializes in the research and development of Low Molecular Weight Fucoidan (Oligo Fucoidan). Hi-Q utilizes advanced technology to extract Oligo Fucoidan from marine brown seaweed, resulting in a low-molecular-weight Fucoidan with exceptional bioactivity. Hi-Q has strong research cooperation with the professionals in medical science, food science and healthcare for development the best Fucoidan ingredients from Taiwan, for natural health and skincare products.
