

The image features a collage of food items related to dehydration. At the top, a bowl of dehydrated onion slices sits on a wooden board. Below it, a whole white onion and a sliced one are shown. Further down, there are bowls of dehydrated purple onion skins, a bowl of dark brown powder, and a whole red onion with a sliced piece. At the bottom, there are dehydrated garlic and almonds. The background is a light, textured surface.

MAHARAJA[®]
DEHYDRATION
Pvt. Ltd.

Committed to
QUALITY
COMMITTED TO YOU

**ONION &
GARLIC**

ABOUT US

As they say everything worthwhile begins with the dream same story is behind **Maharaja dehydration Pvt. Ltd.** A journey of a man from a farmer to becoming a successful and leading exporter in dehydration industry. Maharaja Dehydration Pvt Ltd was founded by **Mr. V. P. Koradiya**, belonging from a farmer's family, having vast experience in Agriculture & dehydration business.

The journey started in the year 1992 where Indian Dehydration Industry was rising up with Vision to cater better with consistency in quality with food safety and over 3 decades of experience, led us to establishing with state of the art production facility, Maharaja Dehydration Pvt Ltd.

A journey of a man from a
FARMER

to becoming a
**SUCCESSFUL &
LEADING EXPORTER**
in dehydration
industry

MISSION

Our Mission is to improve the productivity by adhering best quality practices, production of high quality dehydrated products and efficient supply chain.

VISION

Our Vision is to strengthen our position in the dehydrated food industry in terms of visibility and market share while continuously improving on quality standards and tastes.

WHY WORK WITH US?

01

With **experience of over 25 years** in the Dehydration Industry. We are one of the leading brands in Dehydration Industry.

02

Clients over more than 20 countries Globally which are associated with us since our inception.

03

We are **exporters of 6000 tons of Dehydrated Onion & Garlic products Per year.** [i.e. Kibbled, Chopped, Minced, Granules, Powder, Toasted, Fried etc.]

04

With 2 production facilities as per current B.R.C & Sedex norms. We are **producing Around 35 mt of Onion/Garlic products Per day.**

05

We are operating an **In-house lab** with an experienced team. We are conducting physical, Chemical and Microbiology test before dispatch of every lot.

06

We will always give you **proper inside and Out about the Onion & Garlic market** as this is very volatile market. Ensuring right purchase @ right time.

07

We will be your Trusted Partner. Our team will take care of all your shipments as we believe relationship is more important than sales.

08
