**#1 ASTAXANTHIN
PRODUCER
FROM AUSTRIA**

Sustainable production of natural algae ingredients

ASTAXANTHIN COMPETENCE CENTRE

We assist established brands, visionaries and ambitious start-ups using natural astaxanthin as a high-class ingredient.

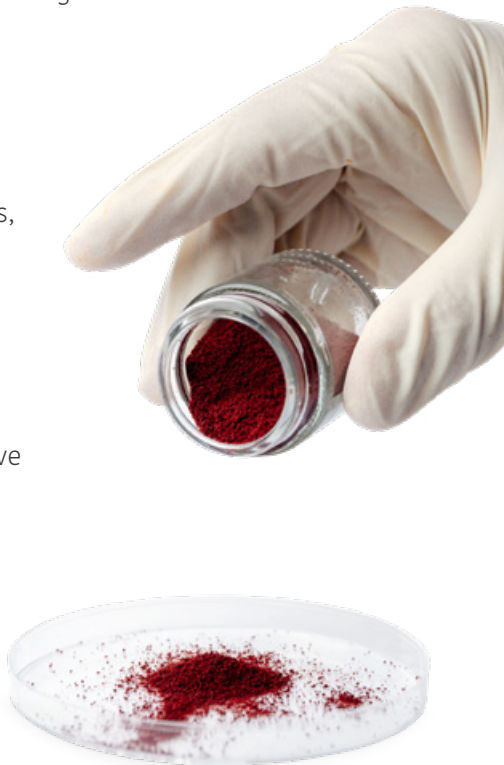

STANDARDISED

We offer several innovative formulations, from unique prototypes to bulk material, as well as finished B2C products.

You have the choice – it's that easy!

Advantage:

Short time to market thanks to innovative product development.

CUSTOMISED

We support you throughout all phases of product development, geared to your personal needs: from first ideas to testing of prototypes to production and package design.

Working together – from an idea to the completed B2C product.

Advantage:

A unique, customised product.

What we offer:

Idea of a unique product

Manufacturing of astaxanthin raw materials

Customised development & design

Manufacturing of bulk products

White labeling of final products
