

ilomar

Your trusted partner in logistics

**Rooted in tradition, powered by innovation**

Ilomar has a history of more than 150 years in the soft-commodities market.

Based on this solid experience, we are dedicated to developing innovative and customer-oriented distribution concepts. Our constant attention to flexibility, quality, and efficiency enables us to overcome the supply chain challenges of our customers.

With our own transport and warehousing facilities and our strong commitment to safety, we provide sustainable supply chain solutions to our European customers. We are grateful to our devoted colleagues, loyal customers, and valued stakeholders for their lasting support. Together, we will pursue our path of continuous improvement and growth.
