Nutritional Benefits

- Low Lactose
- Low Fat
- High Digestibility
- Excellent Amino Acid Profile

Functional Properties

- Clear in Solution
- Exceptional, Clean Flavor
- Heat Stable at Low pH
- Acid Soluble/Stable

Hilmar 9020 is a 90% whey protein isolate with superior nutritional value, ideally suited for protein fortification and use in low pH beverages. This WPI is designed to provide clarity and heat stability in acidic applications such as protein waters, gels and shots for sports nutrition applications and gelatin desserts and confections for healthy living applications.

SPORTS & PERFORMANCE NUTRITION APPLICATIONS

- Clear RTD Protein Beverages
- Flavored RTD Protein Water
- Sports Protein Gels
- Low pH Beverages

HEALTHY LIVING NUTRITION APPLICATIONS

- Protein Gelatin Desserts
- High-Protein Gummy Chews
- Healthy Aging RTD Beverages
- Carbonated Protein Drinks
