

Vonk Cheese

Premium Cheese Taste Explorers for Industry

About us:

Vonk Cheese Belgium is a family owned company, 4th generation.

Starting in 2008 with offering cheese & butter for the catering (QSR), wholesale and industry. Our products were sourced in various countries in the EU and distribute worldwide.

In 2015 we decided to expand our product range in order to fulfill the complete demand of new and existing customers in the industry.

Starting with production CheesePowder for industrial applications.

With strong demand from the market VonkCheese decided in 2024 to expand our production CheesePowder .

Our core pillars

Production & Quality

Our close collaboration with our production companies enables us to deliver directly from the source. With high quality standards, we produce processed cheese powder blends with maximum efficiency.

B2B Customization & Innovation

We develop customer-specific recipes based on the desired flavor profile for our industrial partners. Flexibility and reliability are central to a long-term partnership.

Logistic management

Verified carriers: we prefer GFSI certified carriers. We have good contacts worldwide.

Worldwide export: Deliveries to more than 40 countries with full traceability.

Just-in-time delivery: delivery schedules aligned with production planning and desired delivery times.
