

# Innovative contract manufacturing for functional fruit gummies and snacks

**great**   
nutrition

## ABOUT US

We are a supplier for contract manufacturing of functional fruit gums and tasty, healthy snacks for innovative, nutritional supplements. We offer outstanding solutions for your branded products.

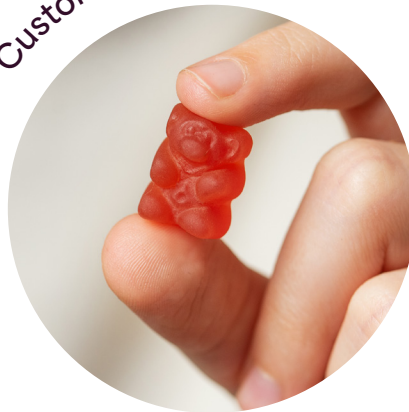

### Services

#### Top Sellers

We offer top-selling recipes for lean product marketing tests and a fast market entry.

#### Custom Formulations

We advise and support you in creating your own formulations. Our own experienced R&D-team develops products according to your individual requirements.

#### Innovation

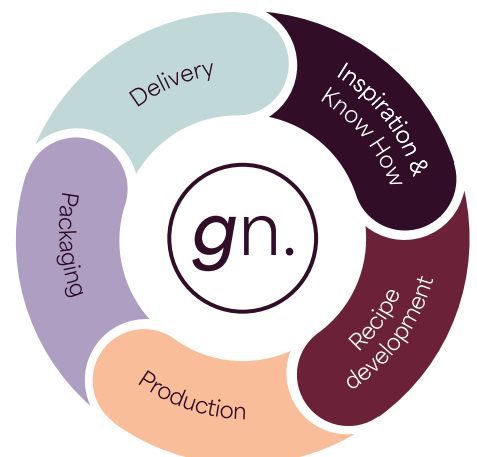

With our German, state-of-the-art production technology, we develop and produce innovative gummies such as filled products or two-component items (2-layered, swirled or stripe designs).

### 360° Service by *great*nutrition

- Long-term international product expertise
- Full-service package from development to delivery of the finished product
- Focus on intensive partnership with customers
- Fast implementation of individual customer requirements
- Production at highest quality standards
- Innovative, starchless production technology

→ We are your partner for clean-label snacks and gummies!
