ARIHNUS

We Make Only the Best.

ARIHNUS

Founded in 2019, Arihnus Co., Ltd. is a specialized OEM/ODM company for high-quality health supplements. Through our dedicated in-house research center, we focus on fundamental research and efficacy testing. We are committed to the development and production of natural ingredient-based functional supplements. Arihnus holds numerous individually approved ingredients and patents related to natural materials.

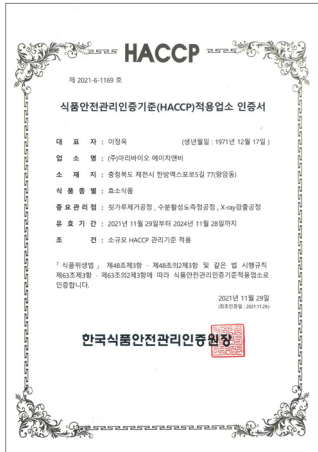

At Arihnus, great ideas create great products.

We are dedicated to discovering highly effective ingredients with our expert research team, combining advanced technologies and formulation expertise to deliver exceptional quality.

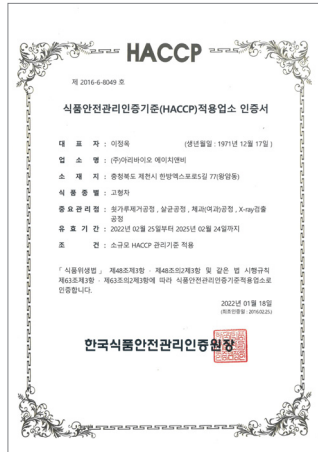

As we expand globally, our mission is to help more people live healthier, happier lives.

Arihnus - Committed to your well-being.

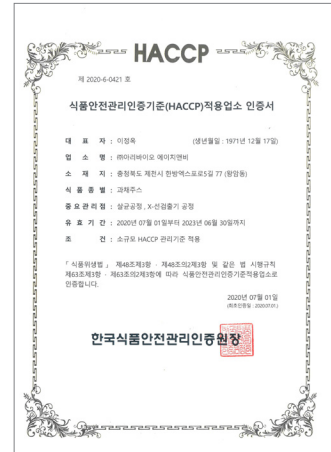

Arihnus applies internationally recognized quality and food safety systems, certified under ISO 9001 and ISO 22000. All products are manufactured under GMP-certified facilities and hold various HACCP certifications, ensuring clean, safe, and effective health supplements.

OEM & ODM / R&D

From OEM and ODM to full product development, Arihnus provides total turnkey service that includes product planning, formulation, manufacturing, quality control, and distribution all backed by advanced in-house R&D capabilities.

OEM

Original Equipment Manufacturing

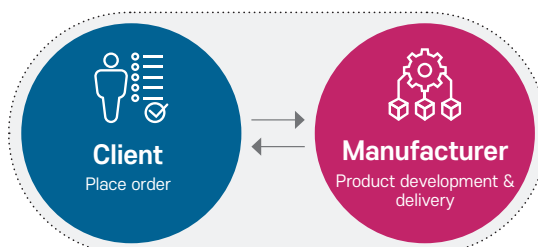

We manufacture finished products tailored to your needs, labeled with your brand, and delivered to your specifications

ODM

Original Development Manufacturing

We handle the entire process from formulation and product development to quality control and delivery offering you a full-service private label solution.

R&D Development of Individually Approved Functional Ingredients

Arihnus Platform Technology that comprehensively considers selection and evaluation of health functional food materials, development, and commercialization

PHASE 1 Discovery

Strategic Planning

Consumer needs, journal reviews, and IP/technical scouting: material, usage, and toxicity pre-evaluation

Standardization

Raw material standardization, test/method validation, manufacturing process setup, biomarker identification, ingredient profiling, ratio formulation

Economic Feasibility

Market assessment and cost-efficiency of ingredient sourcing

PHASE 2 Safety & Functionality

Invitro

Mechanism and efficacy assessment

Invivo

Efficacy and safety assessment

Human Trials

Evaluation of both safety and functional benefits

PHASE 3 Regulatory Approval

120-day approval process for new functional ingredient

Complex product development and production at once

From product planning and development to design and production to meet customer needs, we can develop various types of food and health functional foods.

End-to-End Partner for Product Development

Leveraging a wide variety of dosage forms, food types, and packaging options, Arihnus develops its own product lines and forms strategic partnerships with major brands

Versatile Production Across Food Types, Formats, and Packaging Styles

Precision Analysis, Reliable Quality

ICP-AES (Inductively Coupled Plasma – Atomic Emission Spectroscopy)

GC (Gas Chromatography)

HPLC (High-Performance Liquid Chromatography)

With state-of-the-art equipment such as ICP, HPLC, and GC, Arihnus ensures rigorous and scientific quality control. From raw materials to finished products, we conduct thorough testing to verify safety and efficacy delivering only high-quality, trustworthy products to our customers.

Honeyberry(Lonicera caerulea) Extract Powder

Key Functional Compound

C3G (Cyanidin-3-Glucoside)

Traditionally used for liver detox, internal toxin elimination, and inflammation reduction. C3G has been widely studied for its antioxidant properties, cardiovascular support, anti-inflammatory effects, neuroprotection, anti-cancer potential, and diabetes support. It accounts for 79-92% of total anthocyanin content in honeyberries.

- **Approved Functionality:** May help support liver health from non-alcoholic damage / May help reduce body fat
- **Recommended Daily Intake:** 1,960 mg of Honeyberry Extract Powder
- **Approval Number:** No. 2019-19 (August 13, 2019)

Korea's First Individually Approved Ingredient for Non-Alcoholic Liver Damage

Due to the increase in obesity and metabolic diseases in modern people, we have been conducting research on prevention and improvement of non-alcoholic fatty liver disease and reduction of body fat for 7 years. As a result, we have been recognized by the Ministry of Food and Drug Safety as an individually approved raw material for health functional food with dual functions of "Helps support liver health from non-alcoholic damage" and "May help reduce body fat"

Rich in Anthocyanin (C3G) - The Power of Honeyberries

Native to Northern Europe and Northeast Asia, honeyberries are rich in anthocyanins and polyphenols. Their health benefits such as antioxidant, anti-inflammatory, lipid-lowering, and liver-supportive properties have made them a promising natural solution for liver health.

Approved by MFDS for Dual Functionality!

Supports liver health from
non-alcoholic liver damage

May aid in body fat reduction

Ganpyeon Honey

간편하니

- 1 [Honeyberry (Lonicera caerulea) Fruit Extract] May help support liver health from non-alcoholic damage / May help reduce body fat

- 2 Easily dissolvable powder type, even in a single pack of water

Purple Berry Tea

퍼플베리티

- 1 Contains honeyberry fruit powder
- 2 Each tea bag contains 7.35 mg of C3G
- 3 May help support liver health from non-alcoholic damage
- 4 May help with body fat reduction

Turmeric Extract

What is Turmeric, Why is it Good for You?

Turmeric is a ginger family plant native to India. The powdered form of the plant's rootstock, *Curcuma longa*, is commonly used. It is widely used in curry and other dishes, and is well known for its health-supporting properties such as antioxidant and anti-inflammatory effects.

- **Functional Benefit:** May help improve muscle strength
- **Daily Intake:** 250 mg of turmeric extract per day
- **Registration Number:** No. 2023-5
- **Additional functionality:** May help improve memory (planned)

Key Compound in Turmeric - Curcumin

The main active compound, curcumin, is known for its antioxidant, anti-inflammatory, immune-regulating, and neuroprotective effects. Recently, it has gained attention as a functional ingredient for a wide range of health areas, including muscle and joint health, fat management, and immune support. In particular, individually approved turmeric extract has been officially recognized by the Ministry of Food and Drug Safety for its benefit in "supporting muscle strength improvement."

Proprietary Nano-Emulsification Technology for Fast Absorption and Effectiveness

This patented technology breaks down solid and oil-soluble liquids into nano-sized particles for optimal absorption in the body. The treated particles are stabilized to enhance digestive uptake. (Patent No. 10-1062904)

Hovenia dulcis Fruit and Peduncle Extract Powder

Hovenia dulcis Fruit for Fatty Liver Relief and Alcohol-Related Liver Health Support

Hovenia dulcis fruit has been traditionally used for liver detoxification and hangover relief. It is known to help prevent and improve alcohol-induced liver damage, and it contains beneficial compounds such as saponins, flavonoids, and polyphenols.

- **Health Function:** May help protect the liver from alcohol-related damage
- **Daily Intake:** 2,460 mg/day of Hovenia dulcis fruit and peduncle extract powder
- **Approval Number:** No. 2016-10

Individually Recognized Functional Ingredient for Liver Health

This extract powder has been officially recognized through human clinical trials for both safety and efficacy. It is an individually approved functional food ingredient shown to help protect the liver from alcohol-related damage.

Hovenia dulcis Mentioned in Traditional Medical Texts

Bonchoyonuiboyu

"Its flowers (fruits) were commonly used to treat alcohol-related illnesses."

(本草衍义补遗, 朱震亨 1358)

Bonchogangmok

"It can suppress nausea, detoxify alcohol-related toxicity, and prevent severe poisoning."

(本草綱目, 李時珍 1596)

May help protect the liver from alcohol-induced damage

Korea Hoganbo ND-1

대한민국 호간보ND-1

- ❶ Contains ND-1, a functional compound extracted from Hovenia dulcis fruit
- ❷ Enhances ADH and ALDH enzyme activity in liver cells to support alcohol metabolism
- ❸ May help protect the liver from alcohol-induced damage (Functional Grade 2)

Korea Ho Keon Bo

한국호건보

- ❶ May help protect the liver from alcohol-induced damage
- ❷ Take 2 tablets 3 times a day with plenty of water.

Hangover relief patented ingredient ARI 1000

- Human application test efficacy evaluation: Helps relieve hangover
- Single intake: 1.38g (based on 60 Brix)
- Hangover prevention or relief composition containing ginseng fruit extract, cinnamon extract, and mineral concentrate (Patent No. 10-1890796)
- Memory, learning ability, or cognitive function enhancement composition containing ginseng fruit extract (Patent No. 10-2027909)

Ginseng Berry

Hovenia dulcis Fruit and Peduncle Extract Powder

Hangover relief human application test completed

It contains ingredients that are excellent for relieving hangovers, such as ginseng berries and Hovenia dulcis, and we have a patented technology to extract the ingredients without destroying them. We also have a hangover relief patent that has been verified and published in overseas papers.

Ginseng berry base proven in SCI-level papers for hangover relief effect

KaelaKaela Hwag

깨라깨라 확

- 1 A hangover relief drink containing elm fruit and Hovenia dulcis fruit
- 2 Made with carefully selected ingredients for health

Ganpyeonhan-Nal

홍삼 플러스 40

- 1 100% pure red ginseng spheres made without additives using patented technology
- 2 Made with 6-year-old Korean red ginseng, containing 40% highly concentrated extract
- 3 Easy-to-swallow spheres with a subtle red ginseng flavor

Hong Sam Dan

홍삼단

- 1 Made with premium Korean red ginseng
- 2 Contains 25mg of combined ginsenosides (Rg1 + Rb1 + Rg3)
- 3 Based on traditional red ginseng paste for convenient consumption

Boyounsoo Red Ginseng Extract

보윤수 홍삼정

- 1 Contains high-quality ginsenosides from premium Korean red ginseng
- 2 Blended with herbal flavor enhancers for deep, rich taste
- 3 May help boost immunity, restore energy, relieve fatigue, and support memory

PRODUCTS

Health Functional Foods for the Whole Family

We offer scientifically validated health functional foods formulated with active ingredients. Through systematic research and rigorous quality control, we develop safe and trustworthy products that support overall health and wellness.

Health functional foods are foods that help maintain and improve the health of our bodies. They are manufactured using raw materials that have been recognized for functionality and safety by the Ministry of Food and Drug Safety. Health functional foods can help supplement nutritional balance and maintain healthy lifestyle habits through regular intake.

MSM100

엠에스엠100

- 1 100% GRAS-certified dimethyl sulfone (MSM)
- 2 Same molecular structure as natural dietary sulfur
- 3 Made with carefully selected 100% pure MSM
- 4 May help support joint and cartilage health
- 5 Easy-to-carry PTP packaged tablet form

Bone Max

본맥스

- 1 May support joint and cartilage health
- 2 Delicious mango flavor
- 3 Convenient stick-type product for anytime, anywhere intake

Proplex-EX Plus

프로플렉스 이엑스 플러스

- 1 A functional complex product containing pantothenic acid, biotin, and vitamin D
- 2 High-potency supplement with 420mg/1.2g of brewer's yeast
- 3 Contains premium vitamin D sourced from the UK

Sharing Vitamins for Love (Adult)

나눔비타민 사랑주는 어른용

- 1 Multivitamin for adults containing 16 essential vitamins and minerals
- 2 Helps eliminate nutritional imbalance through comprehensive nutrient supply

Dodam Kids-Dream

도담키즈-드림

- 1 Contains essential vitamins (B1, B2, B6, niacin, pantothenic acid, folic acid) for children's growth and energy metabolism
- 2 Enriched with vitamin C, 10 types of amino acids, and a plant blend
- 3 Helps correct nutritional imbalances through diverse nutrient support

M-Dream Liquid

엠드림리퀴드

- 1 Contains zinc gluconate, water-soluble Aquamin, and trans-arachidonic acid
- 2 Ionized and concentrated liquid minerals for superior absorption
- 3 Can be consumed without water for convenient intake
- 4 Easy-to-absorb liquid formulation

All-In-One Talks

올인원톡스

- ① [Natural dietary fiber] May help promote regular bowel movements and improve cholesterol levels
- ② Includes carefully selected ingredients such as cranberry concentrate powder, milk thistle extract, bromelain (from pineapple), cellulose, garlic extract powder, fenugreek extract, and chamomile extract
- ③ Easy to consume by mixing 2 sachets per day in water

INQTEN Active Power

인큐텐 액티브 파워

- ① Contains 8 key functional ingredients
- ② Includes essential vitamins and minerals, plus carefully selected sub-ingredients such as green tea catechins, guarana extract powder, and pomegranate extract powder
- ③ Convenient once-a-day stick intake

Menopause Gold

갱년기 골드
