## About Prodalim

Prodalim is a global leader in the food and beverage industry, specializing in natural solutions. Our compounds begin their journey at the source - developed from carefully selected fruits and ingredients through Prodalim's vertically integrated, tree-to-table supply chain, and transformed into high-quality, clean-label solutions.

With a portfolio that includes juices, concentrates, multi-blends, and other naturally derived products, our competitive advantage lies in global diversification - enabling us to serve customers worldwide with tailored, consistent, and innovative compounds. These blends combine flavor complexity, functionality, and stability, making a real difference for both people and planet. Visit [www.prodalim.com](http://www.prodalim.com) to learn more.
