Products

Evaporated Coconut Water Powders

- Available in 2 potassium levels
 - Standard: >27mg potassium per gram
 - Performance: >60mg potassium per gram
- Single ingredient
- No clumping, dilutes easily in cold water
- Organic available

Coconut Milk/Cream Powders

- Available in 26%, 55%, and 65% fat levels
- High in medium-chain triglycerides (MCTs)
- Free-flowing powders
- Water-soluble
- Organic available

Evaporated Coconut Nectars - Prebiotic Fiber (Granular and Fine)

- 1:1 sugar replacement
- Low glycemic index: 35 (Cane Sugar: 65, Honey: 55)
- Good sources of prebiotic fiber, calcium, and potassium
- Not an allergen - derived from the flower blossom, not the fruit
- Organic available

Liquid Coconut Milk/Cream

- Available in skim, 17%, 24%, and 30% fat levels
- No water, gums, or stabilizers (single ingredient)
- Does not separate
- Direct steam pasteurization for a cleaner taste
- Organic available

Coconut Protein, Coconut Chips, Coconut Flakes, and Coconut Flour

- Coconut Protein >85%
- Chips for healthier snacking

Pea and Brown Rice Protein

- Proprietary technology removes off-notes and enhances dispersibility and stability
- >80% protein
- Easily digestible and hypoallergenic
- Gluten-free and non-GMO
- Organic available

Oat Milk Powders (Regular, Low Flavor, and Low Sugar)

- Clean label
- Low flavor has a neutral taste
- Low sugar allows for low/no added sugar claims and a neutral taste

Coffee Powders (Arabica and Robusta)

- Available in 2 forms: Spray-Dried & Freeze-Dried
- 100% coffee (no added ingredients)
- We can match taste profiles
- pH of 5.0
- Organic available

Avocado Powder

- Avocado Flesh + Antioxidants
- 18-month shelf life
- Dairy replacement, spreads, and alternative fat substitute formulas

Acai, Acerola, and Maca

- Açaí: >45% fat with <2% sugar, available in powder and liquid
- Gelatinized Maca for easier solubility and functionality
- Acerola: >25% and >34% Natural Vitamin C
