PRESS SHOT,
the pioneer of dual-type multivitamin
with innovative formulation
: Don't swallow, just drink!

Specially designed for you

1

PRESS
the patented auto-cap
so that the isolated powder drops

**2**

SHAKE well
till the Vitamin powder and IV water mixed

**3**

Just **DRINK**
Your body will be immediately boosted up!

In just over 2 years of PRESS SHOT..

1

No.1 Vitamin

At Oliveyoung* right after launching

2

8,000,000 bottles

have been sold out

3

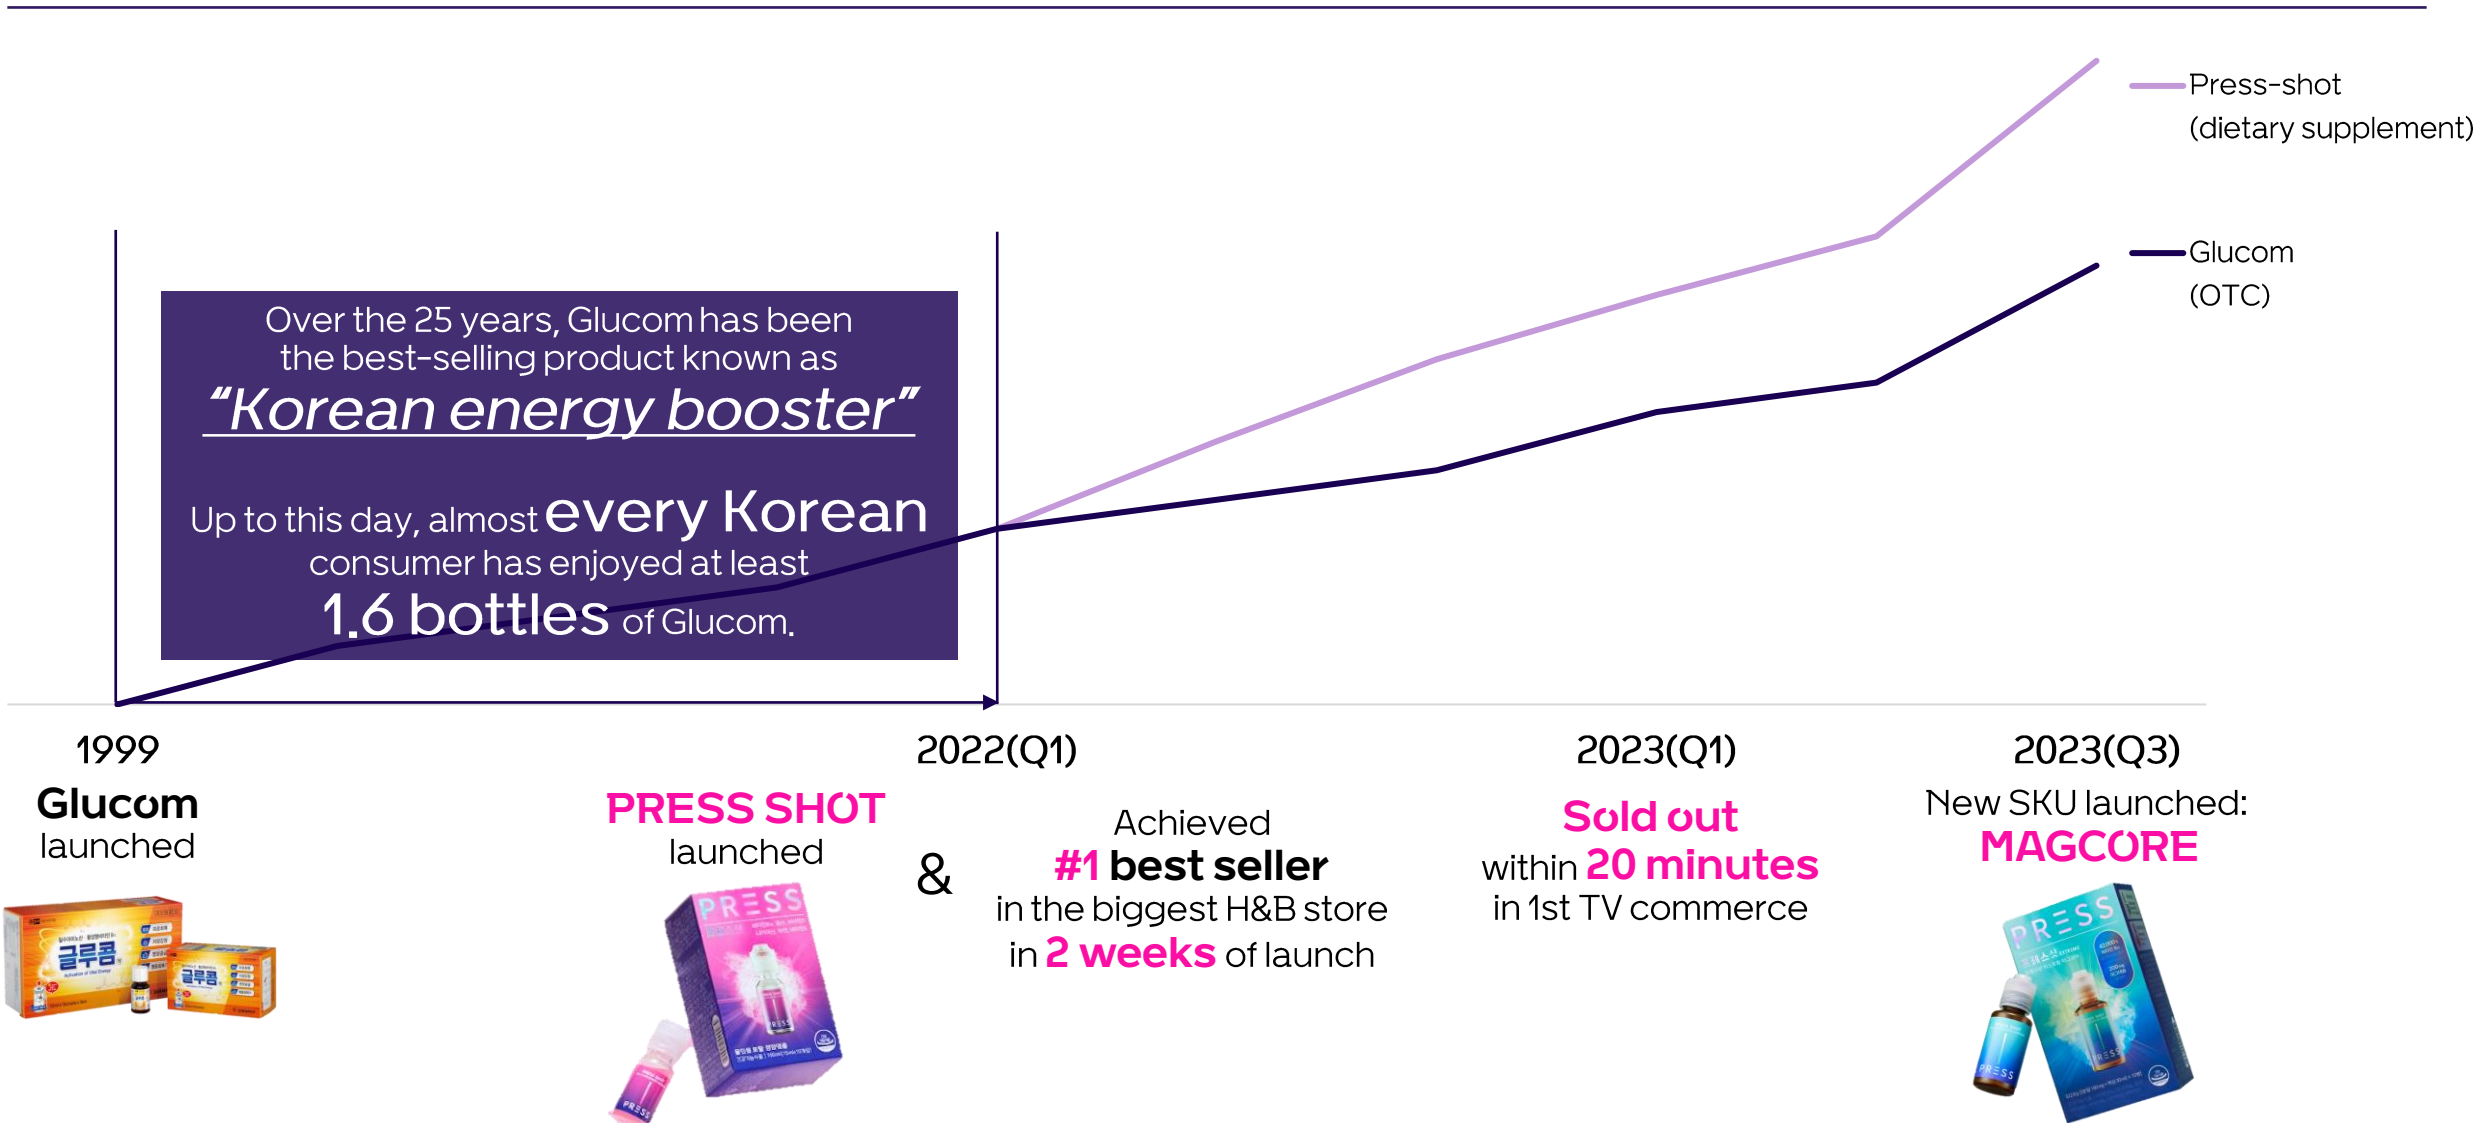

150bottles/second sales record

during home shopping broadcasts

*Oliveyoung: Korea's No.1 healthy and Beauty platform, takes approx. 90% of market share in the country

PRESS SHOT history

Supplement fact (*serving size: 1bottle, 15ml)

66 Tablets

1 Bottle

No need to **swallow 66 tablets** to activate Vitamin B12 efficacy.
Simply drink one (Press)shot daily for your vitality

Experience the innovation

Traditional multivitamin powders
: Too heavy, or too huge to carry

Some evolutionary type of multivitamin
: Easy to carry but still hard to take without water

PRESS SHOT?

Just carry in your bag and drink whenever/wherever you want

Closing remarks: Key features of PRESS SHOT

1. Proven #1 multivitamin, inspired by 25 years of bestselling formulation
2. Our liquid-form vitamins maximize the absorption rates, ensuring immediate efficacy.
3. Vitamins are particularly sensitive to exterior conditions, especially light, temperature, and humidity. We've developed an exclusive technology, along with the patented vacuum cap, to protect the vitamins.
4. Includes all the benefits in one shot – Vitamin B12, Folic acid, VitaminD, Niacin, Zinc, and essential amino acids.

And you know what?

According to WHO, **20% of the global population** will be challenged to swallow pills in the future.

Let's welcome the new generation of multivitamin and **stay on-trend**
