

NordRelease® Lion's Mane Organic Extract

Standardised Lion's Mane Extract for Cognitive Performance & Brain Health Support

NordRelease® Lion's Mane Organic Extract is a high-potency, standardised extract developed to support cognitive performance and neurological function. Rich in bioactive compounds such as hericenones and hericenins, it contributes to neuronal health and cognitive performances including memory, focus, and attention.

A 2023 human clinical study (La Monica et al.) with **NordRelease®** Lion's Mane Organic Extract demonstrated improvements in working memory, complex attention, and reaction time following supplementation, making it a reliable ingredient for formulations targeting cognitive performance and brain health.

A Functional Mushroom for Brain Health

**Cognitive
Performance**

**Mental Focus
and Attention**

Mood & Clarity

Suggested intake range

400 - 1000 mg of
NordRelease®
Lion's Mane
Organic
Extract powder

Standardised. Traceable. Scientifically Validated.
