

# NordRelease® Chaga Organic Extract

## Standardised Chaga Extract for Healthy Aging

**NordRelease®** Chaga Organic Extract is a high-potency extract designed to support healthy aging through advanced oxidative stress protection, contributing to the modulation of oxidative damage to DNA and RNA, key factors in maintaining cellular health and resilience.

Rich in bioactive compounds such as betulinic acid and inotodiol, it helps maintain cellular integrity over time, while also contributing to immune resilience and gut microbiota balance.

A 2025 human clinical study (Jensen, G. S., et al.) with **NordRelease®** Chaga Organic Extract demonstrated Chaga's rapid effects on stem cell mobilisation and mitochondrial resilience.

## A Functional Mushroom for Healthy Aging

**Healthy Aging  
support**

**Cellular  
Protection**

**Oxidative Stress  
Defense**

### Suggested intake range

250-1900 mg of  
**NordRelease®**  
Chaga  
Organic  
Extract powder

## Standardised. Traceable. Scientifically Validated.

### **NordRelease® Chaga availability:**

- ✓ Extract Powder
- ✓ Liquid Extract

### **Certification:**

- ✓ EU non-novel (EFSA)
- ✓ FSSC 22000
- ✓ EU Organic/USDA

### **Suitable product applications:**

- ✓ Nutraceuticals
- ✓ Beauty from within supplements
