

NordRelease® Maitake Organic Extract

Standardised Maitake Extract for Daily Wellness & Immune Support

NordRelease® Maitake Organic Extract is a premium, standardised extract developed to support antioxidant balance, daily wellness and immune health. Rich in naturally occurring bioactive compounds, including beta-glucans, and other polysaccharides, it contributes to the maintenance of immune system balance and overall physiological function.

Traditionally valued for its role in supporting immune function, Maitake is also associated with antioxidant activity, contributing to the management of oxidative stress and supporting cellular function.
