## Quality, R&D and Processing

- Well-rounded and experienced technical team ensuring consistent, high-quality production.
- Proprietary grading system designed for precise size, color, and quality uniformity.
- State-of-the-art laboratory aligned with NABL-accredited standards for robust quality testing.
- Hygiene-controlled entry system following BRC food-safety protocols.
- Fully dust-free processing environment for superior product purity.
- Energy-audited manufacturing plant following recognized industry and sustainability standards.
- Customized 15 digit product code unique system.

## Do you know How I Can Become Smart?

At Lalsai Global, we continuously work to bridge the gap in conventional farming by guiding farmers toward modern, efficient, and sustainable practices.

### Innovative Techniques We Promote:

- ◆ Raised Bed Farming
- ◆ Efficient Irrigation Systems
- ◆ Anaerobic Tubes (Organic Fertilizer Production)
- ◆ Machine Mulching

### Benefits After Adoption Innovative Techniques:

- ◆ Significant reduction in water usage
- ◆ No need for weedicides
- ◆ Lower production cost
- ◆ Higher and healthier crop yields

### Impact on Yield:

- ◆ Traditional Farming: 25 MT per hectare
- ◆ Lalsai Global Innovative Techniques: 50 MT per hectare
