part of  Group

Andean Life has developed an expertise in importation and distribution of organic and brown cans sugars. We understand your needs, we think them through thoroughly and then we create solutions that have been crafted carefully.

WHAT DO WE DO?

- We establish long term partnerships with producers and clients.
- We offer our expertise and knowledge to our partners.
- We care for our planet, our employees and their well-being.
- We aim to deliver constant quality year on year.

AND WHY WE DO IT

We believe in people – we believe in happy people. To get happy people, we believe in fairness.

We believe in aiming for excellence.

To get excellence, we believe in fairness for all people involved.

We care, we share, we're fair.

CONVENTIONAL CANE SUGARS

LIGHT BROWN - *Tastes like cycling with the wind behind you.*

These free – flowing amber coloured crystals with delightful crunch and delicate molasses aroma will elevate and add finesse to your recipes. Ideal for retail and portion packages, as well as many industrial applications such as baking, confectionary, chocolates, jam and fruits preparations, beverages and beyond. It is the perfect substitute for refined white sugar.

DARK BROWN - *Tastes like lit candles in a quiet place.*

Fragrant and warm golden crystals that will add sophistication to your cakes, biscuits and crumbles thanks to their seductive molasses flavour. Yet they are free – flowing , dry and consistent in size which makes them the number one choice for portion and retail packers.

DEMERARA -*Tastes like mojito in a hot summer night*

With a crunchy texture and a penetrating aroma of natural cane molasses demerara sugar will add a special note to your morning coffee, muesli or desserts. A must have in your kitchen for summer cocktails these dark brown crystals are simply delicious!

ORGANIC CANE SUGARS

WHITE - Tastes like something that works for you.

Perfect choice for applications where consistent sugar characteristics are demanded in the recipes such as organic lemonades, light coloured ice creams, yogurts and many more.

EXTRA LIGHT - Tastes like the first kiss with someone you are falling in love with

This is by far the most loved organic sugar with various applications in both retail and industry such as production of chocolates, jams, marmalades, biscuits, fruit syrups , cakes and many more.

GOLDEN - With the taste of watching the sunrise by the river and sipping from a cup of coffee

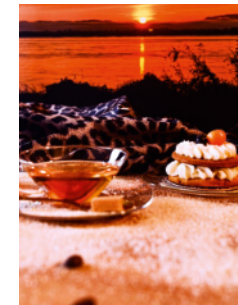

These golden crystals have sweet taste with delicate molasses aroma perfectly complementing your morning cup of coffee or tea.

DEMERARA - Tastes like strolling on the beach and watching the sunset on a Greek island.

This wholesome gem has a rich and crunchy taste with crystals of deeper golden brown colour and clear molasses flavour. It is loved by retail users and it is a perfect choice for your Christmas bakes.

PANELA - With the taste of waking up and realising it is Sunday

The healthiest of all, this sugar is the purest and richest in vitamins, iron and minerals. It is extracted directly from the sugar cane juice through a process of clarification and evaporation. It has a warm honey colour with a distinctive caramel and molasses flavour, making the panela an irresistible must have in your kitchen, ideal for your Sunday cake and biscuits baking.
