

Your certified organic supplier

for hemp solutions, plant-based food
ingredients and superfoods.

Naturally different

Nature provides the ingredients, and care brings out their best. Z-Company brings the two together. From our hemp dehulling facility in Eindhoven (NL) to a global network of certified growers, we supply natural ingredients with a strong focus on quality, traceability, and sustainability.

Our strength lies in variety and reliability. We offer a wide range of organic and conventional plant-based food ingredients and superfoods, including high-quality hemp solutions, plant-based sweeteners and organic sourced fruit powders. Responsibly sourced, carefully processed and ready for the industries shaping tomorrow.

Our experience fuels innovation across multiple sectors, including sports nutrition, health & wellness, personal care, beverages and the bakery industry.

Our productlist

Our product portfolio covers a full spectrum of organic and conventional plant-based nutrition and clean-label foods, all sourced from certified growers worldwide and processed with care.

Whether you're creating high-performance nutrition, natural personal care products, or clean-label foods, Z-Company is the partner you can rely on.
