HScaps H -C

No Gelling Agent HPMC Capsule

- ✓ Pure Vegetable Origin
- ✓ Simple Compositions, More Natural
- ✓ No Gelling Agent
- ✓ Low Moisture
- ✓ Less Chance for Brittleness or Breakage

Shandong Healsee Capsule Ltd.

High Quality HPMC Empty Capsule Supplier

HScaps H -C

No Gelling Agent HPMC Capsule

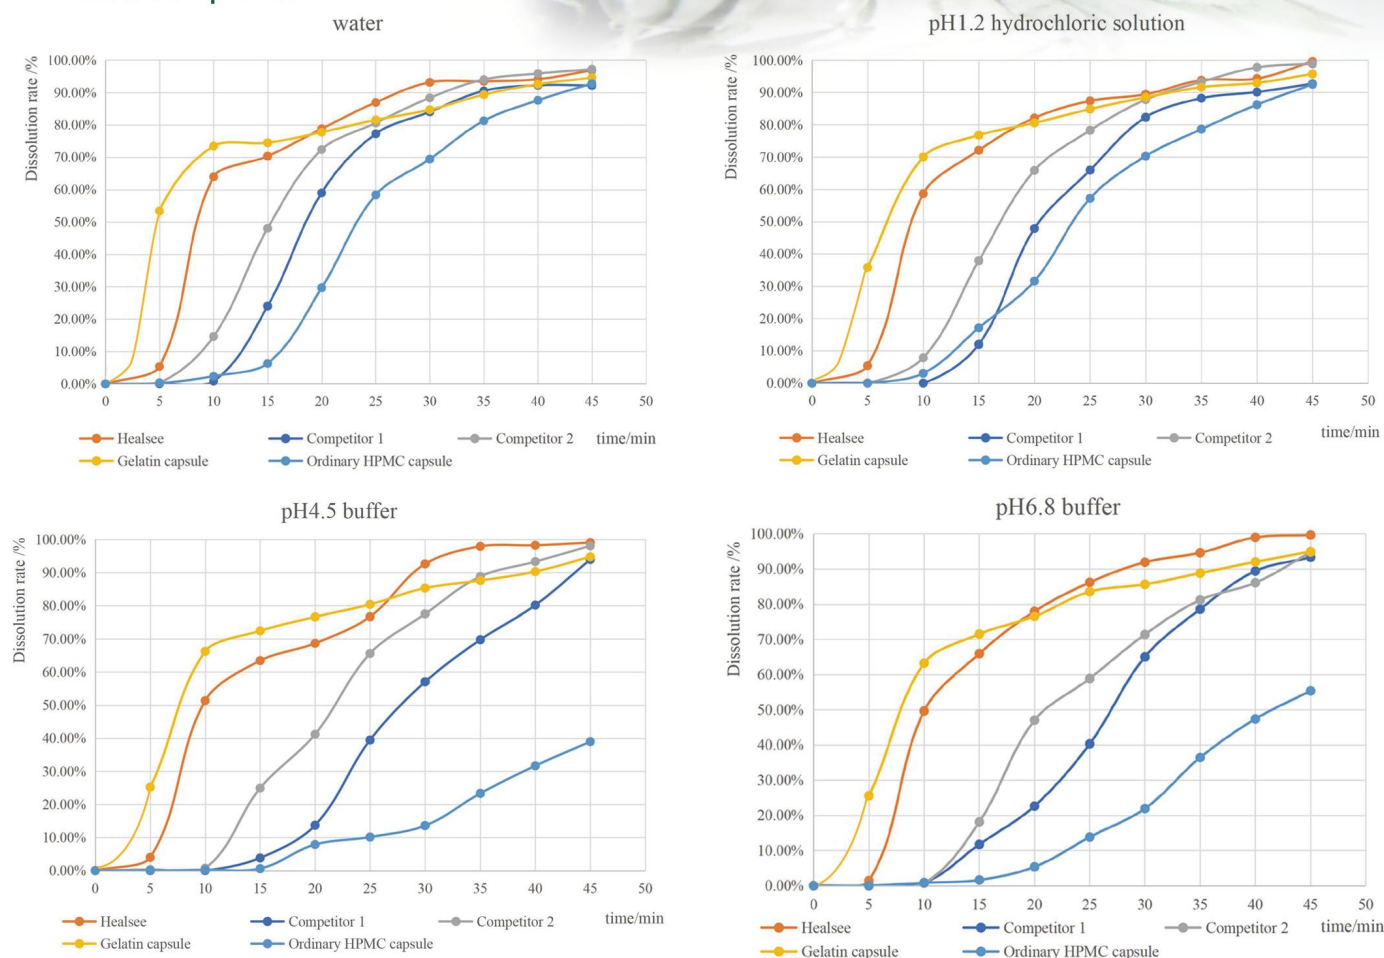

– Kosher and Halal certified – NSF-GMP certified

Application

Suitable for most drugs and healthy products that need to be released in the stomach

Suitable for vegetarians

Dissolution profile

Ordinary HPMC capsules containing gelling agent are greatly affected by ions during dissolution, while the dissolution characteristics of pure HPMC capsules without gels are closer to those of gelatin capsules, and the dissolution rate is more consistent in different dissolution media, and is not affected by pH and ionic concentration, suitable for the use of a variety of chemicals.

HScaps H -AR

HPMC Acid Resistant Capsule

- ✓ Pure Vegetable Origin
- ✓ Excellent Targeting or Delayed Release Performance
- ✓ Low Moisture, No Brittle and Fragile
- ✓ Good Acid Resistance and Enzyme Resistance without Secondary Coating
- ✓ Ideal Choice for Acid-Sensitive Drugs

Shandong Healsee Capsule Ltd.

High Quality HPMC Empty Capsule Supplier

HScaps H -AR

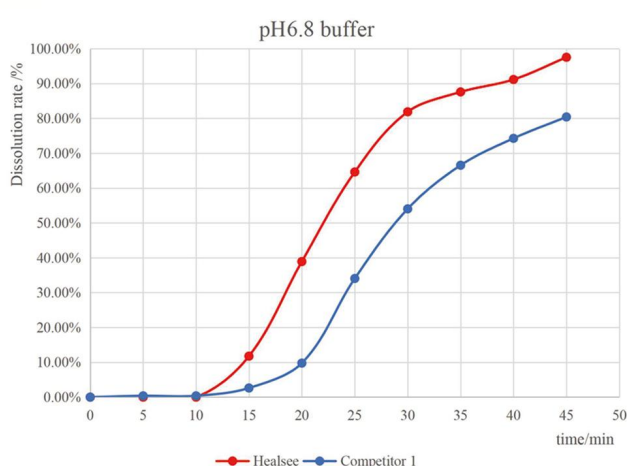

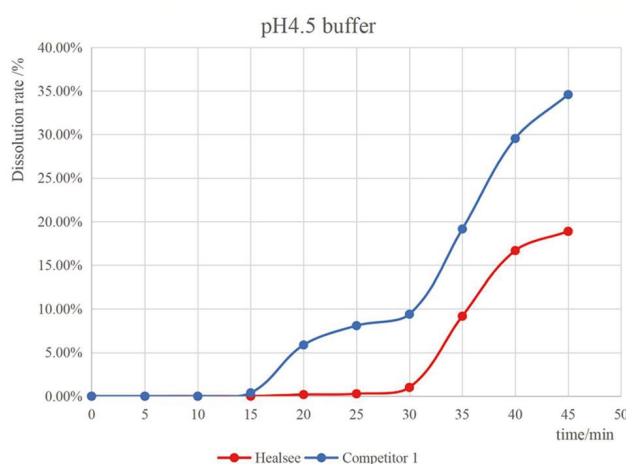

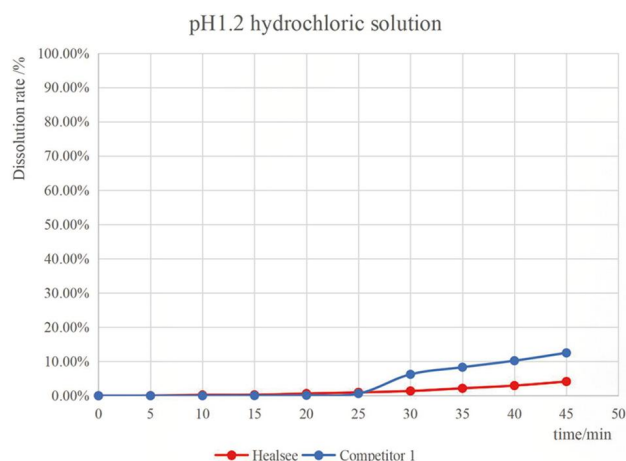

HPMC Acid Resistant Capsule

– Kosher and Halal certified – NSF-GMP certified

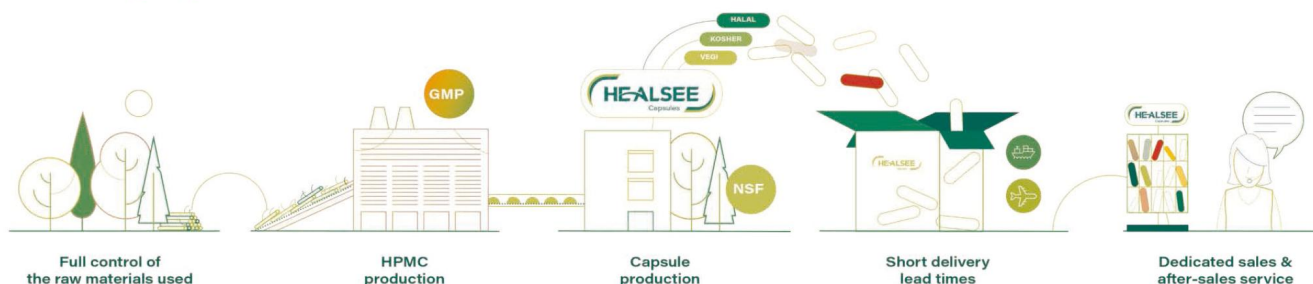

Application

Drugs that are highly irritating to the stomach
Medicated healthy products, biochemical preparations
with undesirable odours

Dissolution profile

According to the experimental data, Healsee Anti-acid Capsules have obvious anti-acid effect compared with other capsules under acidic conditions, which are more suitable for the application of drugs sensitive to gastric juice, showing more excellent targeting or sustained release effect.
