 Moisture: 13% max
 Foreign matter: 1% max
 Curcumin: 3% min
 Packing: 20 - 30kg PP/PE bags
 No mold and fungus
 Natural color

ORGANIC SPICE & ESSENTIAL OIL HERITAGE OF VIETNAM

VINASAMEX

is a premium global creator of natural ingredients and advanced botanical solutions, rooted in

Vietnam's rich biodiversity. We specialize in organic

spices, essential oils, botanical extracts, and pharmaceutical-grade natural ingredients—developed through a fully integrated, traceable, and sustainable value chain. Bridging nature and science, we transform raw materials into high-value, functional solutions for the food, beverage, wellness, pharmaceutical, and flavor & fragrance industries where quality, efficacy, and impact are uncompromised.

In the value chain

Mission

To build a regenerative and science-driven ecosystem where nature, human health, and business thrive in harmony. We elevate natural ingredients into high-performance, value-added solutions, while empowering farming communities, preserving biodiversity, and advancing global standards in sustainability, traceability, and quality excellence.

Vision

To become a globally trusted leader in premium natural ingredients and botanical innovations, serving multi-industry applications—from food and fragrance to wellness and pharmaceuticals. Vinasamex aspires to redefine natural ingredients—not as commodities, but as high-value, science-backed solutions that create lasting impact for people and the planet.

Social Responsibility

With social impact model, Vinasamex generates a minimum of 200 jobs at each factory, committing to purchasing 100% of products from farmers within the organic chain at prices 5–10% higher than the market rate. We respect human rights and promote gender equality. We conduct training sessions in local communities for ethnic groups such as the Tay and Nung on gender equality and personal financial management. Additionally, we organize vocational training classes, with a special focus on women. We respect the environment, biodiversity and climate change.

Until now, Vina Samex has 04 factories, owns more than 7,700 hectares of organic cinnamon & star anise, and has signed agreements directly with more than 4,000 farmer households participating in the value chain in the different provinces: Lao Cai, Lang Son, Tuyen Quang, Thai Nguyen, Quang Tri

PREMIUM ORGANIC PRODUCTS

BOTANICAL EXTRACTS & NATURAL MOLECULES

High-value plant extracts and active compounds for food, beverage, and flavor & fragrance applications.

KEY BOTANICAL SOURCES & ACTIVE COMPOUNDS

CINNAMON (Cassia)

Cinnamaldehyde | Coumarin | Cinnamic acid | Cinnamyl acetate | Methoxycinnamaldehyde
Warm, sweet-spicy profile – widely used in flavor, fragrance, and functional applications

STAR ANISE

Shikimic acid | Anethole | Estragole | Limonene | Linalool
Sweet, licorice-like aroma – key source for pharma and flavor applications

GINGER

Gingerol | Shogaol | Zingerone | β -Sesquiphellandrene | Curcumen
Spicy, warming compounds – used in beverages, health, and functional products

TURMERIC

Curcumin | Demethoxycurcumin | Bisdemethoxycurcumin | Turmerone | Ar-turmerone
Coloring and bioactive compounds – widely applied in nutraceutical and cosmetic formulations

BLACK PEPPER

Piperine | Chavicine | Caryophyllene | Limonene | Sabinene
Enhancing bioavailability and flavor intensity – used in food and nutraceutical industries

APPLICATION AREAS

- Food & Beverage (including CSD)
- Flavor & Fragrance
- Nutraceuticals & Functional Ingredients
- Cosmetics & Personal Care

OUR APPROACH

- Sustainable sourcing from certified organic farming areas
- Advanced processing for stable and standardized actives
- Traceable supply chain with consistent quality
- Customizable solutions based on customer requirements

For customized solutions and tailored ingredient development, please contact us we are ready to support your sourcing needs and help bring your product ideas to life.
