

The Smart Choice for Parents

MOMMY & DADDY Product Catalog

MOMMY & DADDY

Created from a husband's heartfelt devotion to his beloved wife

The Smart Choice for Parents, MOMMY & DADDY

MOMMY & DADDY nutritionally formulates health functional foods for expectant moms and children, using trusted ingredients and rigorous standards.

By removing unnecessary additives and including only essential ingredients, we deliver tailored health solutions perfectly suited to your family's daily life.

MISSION VISION VALUES

Mission

We redefine the standard for health functional foods, so moms-to-be and their families can feel safe and supported.

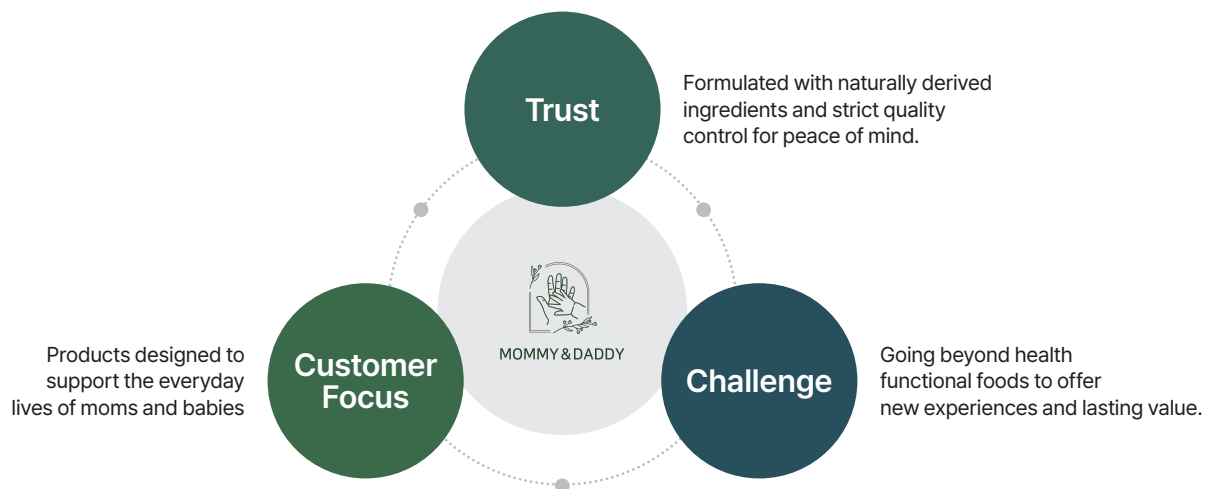

Vision

We aim to become a globally trusted health functional food brand for pregnant women, expanding beyond the domestic market.

Values

We design our products and build our brand around three core values

: Customer Focus, Trust, and Challenge.

Social Responsibility

Plant-based Vegan Products

We use 100% plant-based ingredients to create vegan products that support animal welfare, protect the planet, and promote ethical consumption.

Practices for a Sustainable Future

Caring for both your family and the planet, our brand takes small but meaningful actions, from everyday packaging choices to giving back.

ZERO Additives Project

We minimize unnecessary additives and ingredients and transparently disclose the origin of our raw materials—because where they come from is just as important as the raw materials themselves.

ABOUT BRAND

MOMMY & DADDY develops formulas tailored to every life stage through nutritional design and scientifically backed formulations to support the health of pregnant women and children. We offer a diverse product lineup, including vegan, liquid, and kids' products.

PRODUCT LINE UP

BABY & KIDS

- Customized formulas for growth and development, from toddlers to adolescents
- Formulated exclusively with safe, carefully selected ingredients for children
- Designed with great taste that even picky eaters will enjoy

LIQUID

- A daily single-pouch formula designed for easy and delicious consumption by anyone
- Shelf-stable, in a liquid format that reduces the inconvenience of tablets and capsules.
- Smooth texture carefully crafted for effortless swallowing and taste

VEGAN

- Nutritionally designed using 100% plant-based ingredients
- Certified vegan by reputable certification bodies
- All-vegan products made with nature-derived ingredients for moms and babies

SPECIAL PRODUCTS

- Scientifically designed formulas for the entire family to enjoy together
- Balanced nutrition tailored for individuals of all ages and genders
- Essential health solutions tailored to your family's daily routine

Baby Probiotics Vitamin D₃ Drops

Just 6 drops a day for your daily probiotics and vitamin D

Liquid : Unflavored & Odorless

Baby

- Volume (1 Box): 10 ml
- Directions: Take 6 drops (0.15 ml) once daily (2-month supply)
- Product Type: Health functional food
- Storage Instructions: Store at room temperature
(Refrigeration recommended after opening)

Product Features

- 100% strains from Chr. Hansen, the world's No.1 with 152 years of expertise
- 2-in-1 formula (Probiotics + Vitamin D₃)
- 2.1 billion CFU added, 100 million CFU guaranteed

01 Four key strains meeting rigorous standards

1,744* SCI-level papers

528 total human clinical trial results

U.S. FDA GRAS listed

European EFSA QPS listed

Lactocaseibacillus rhamnosus LGG

Patented

- ✓ Adherent probiotic strain that survives through to the gut and attaches to the intestinal wall.
- ✓ Patented in Denmark, Europe, Spain, and Korea.

Bifidobacterium animalis subsp. lactis BB-12

Patented

- ✓ A scientifically studied strain to support a healthy gut environment.
- ✓ Derived from the stool of healthy infants / Patented in Europe and South Korea.

Lactobacillus acidophilus

- ✓ Helps promote regular bowel movements
- ✓ Supports digestion and immunity in children.

Bifidobacterium animalis subsp. lactis UABla-12

- ✓ Scientifically researched strain for gut comfort
- ✓ Scientifically researched strain for digestive health and comfort.

02 Highly absorbable vitamin D₃

- Vitamin D₃ offers higher absorption in the body compared to Vitamin D₂

Vitamin D₂

Ergocalciferol

Vitamin naturally obtained from plant sources such as yeast or mushrooms

Vitamin D₃

Cholecalciferol

Vitamin naturally produced in the skin through sunlight

High Body Absorption

03 Free from all major additives and excipients

Gluten

Synthetic flavorings

Synthetic colorants

Sweeteners

Preservatives

04 Convenient dropper included

- Includes a long dropper for accurate drop-by-drop dosing

6 drops daily (0.15 ml)
0.025 ml per drop

Plant-Based Omega-3 DHA Drops PLUS⁺ for Babies

Quick and easy dosing with just 1 dropperful a day

Liquid : Lemon Flavor

Baby

- Volume (1 Box): 8 g
- Directions: Take 1 dropperful (0.4 g) once daily (20-day supply)
- Product Type: Processed edible oil and fat product
- Storage Instructions: Store at room temperature
(Refrigeration recommended after opening)

Product Features

- 90% pure supercritical rTG Omega-3
- Made with premium Omega-3 from GC Rieber, backed by 147 years of expertise
- Contains top-tier extra virgin olive oil

01 DHA for brain development

Essential unsaturated fatty acids for the developing brains and retinas of growing children

- Accounts for approximately 40% of brain lipids and 60% of retinal lipids
- Essential during rapid brain development from the fetal stage through age 2

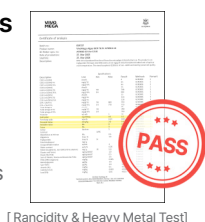

02 Premium ingredients from GC RIEBER (147-year heritage, world No. 1 Omega-3 producer)

- Full ingredient transparency
- Compliant with global standards set by the GOED (Global Organization for EPA and DHA Omega-3s)
- Certified for ethical management based on global standards
- V-Label certified vegan raw material in Europe

03 Freshness management to prevent oxidation and use of plant-based raw materials with no concerns about heavy metals

- Verified to be within standard limits for Total Oxidation Value (TOTOX), Peroxide Value (POV), Anisidine Value (AV), and Acid Value (AV)
- Uses microalgae-plant-based raw materials at the very bottom of the food chain

04 Free from all major additives and excipients

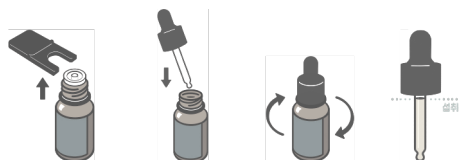

05 Non-GMO ingredients

- Made without genetically modified ingredients, making it gentle and safe for children to take

06 Convenient dropper included

- Includes a specially designed Euro dropper opener and dropper

07 Vegan-certified finished product

Liquid Iron Syrup for Babies

Easy iron intake with just 1 spoonful (2 ml) a day

Liquid (syrup) : Strawberry flavor **Baby**

- Volume (1 Box): 120 ml
- Directions: Take 1 spoonful (2 ml) once daily (2-month supply)
- Product Type: Health functional food
- Storage Instructions: Store at room temperature in a cool, dry place away from direct sunlight

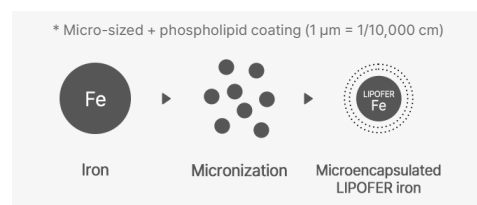

Product Features

- Microencapsulated Lipofer® non-heme iron for enhanced absorption
- Free from unnecessary additives (no sucralose, potassium sorbate, artificial colors, etc.)
- Delicious strawberry-flavored iron syrup with no metallic aftertaste

01 Microencapsulated liquid Lipofer® iron from France

- Microencapsulated iron **minimizes the characteristic metallic and unpleasant taste**

02 Formulated with non-heme iron for enhanced absorption rate

- Plant-based iron (found in grains, vegetables, etc.)
- Absorption rate increases when iron levels are low

03 Enhanced absorption rate easy-to-take, highly absorbable liquid iron syrup

- **Liquid formula enhances absorption rate** for convenient water-free consumption anytime, anywhere

04 ZERO SUGAR + strawberry flavor

- Formulated with zero added sugar, allowing children to **enjoy a delicious flavor without sugar concerns**

05 Convenient consumption with 1 spoonful (2 ml) daily

1 Spoonful
Daily (2 ml) **= Iron 6 mg**

- Includes an extra-wide spoon for **easy, spill-free pouring**

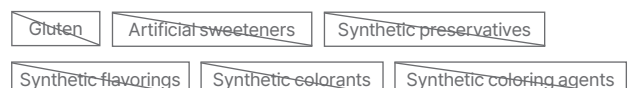

2ml small spoon

4ml spoon

06 Free from all major additives and excipients

Kids Immune Liquid Iron

A drinkable liquid iron supplement
for easy daily consumption with just 1 stick a day

Liquid : Strawberry Flavor

Kids

- Volume (1 Box): 8 ml X 30 stick packs (240 ml)
- Directions: Take 1 stick once daily (1-month supply)
- Product Type: Health functional food
- Storage Instructions: Store at room temperature in a cool, dry place away from direct sunlight

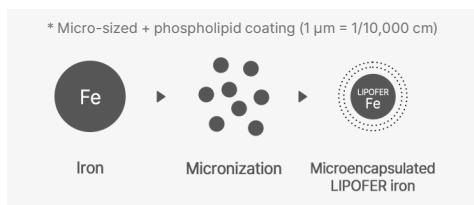

Product Features

- Microencapsulated Lipofer® non-heme iron for enhanced absorption
- Triple-action formula (Iron + Zinc + Vitamin B₆)
- Delicious strawberry-flavored kids' iron supplement with no metallic aftertaste
- **Made only with NON-GMO ingredients** for peace of mind

01 Microencapsulated liquid Lipofer® iron from France

- Microencapsulated iron **minimizes the characteristic metallic and unpleasant taste**

ZERO SUGAR

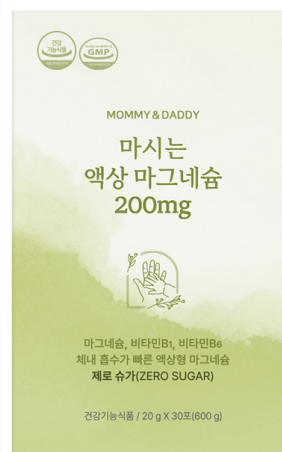

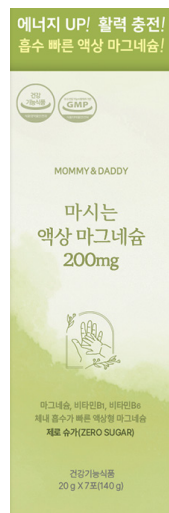

Liquid Magnesium Supplement 200 mg

Convenient liquid magnesium you can easily drink with just 1 stick a day

Liquid : Shine muscat Flavor

Adults

- Volume (1 Box): 20 g X 7 sticks (140 g) / 20 g X 30 sticks (600 g)
- Directions: Take 1 stick once a day
(7 sticks - 7-day supply / 30 sticks - 1-month supply)
- Product Type: Health functional food
- Storage Instructions: Store at room temperature in a cool, dry place away from direct sunlight

Product Features

- Easily consume fast-absorbing magnesium gluconate with just 1 stick a day
- 3-in-1 multi-functional formula combines Magnesium, Vitamin B₁, and Vitamin B₆
- Enjoyable liquid magnesium with a refreshing shine muscat flavor

7 sticks

30 sticks

01 Highly stable magnesium gluconate

- Uses highly stable, premium US-made magnesium gluconate
- Organic magnesium gluconate boosts absorption rate in the body

02 3-in-1 complex formulation for energy metabolism and vitality

Complete 3-in-1 magnesium in just one stick per day

- A complex formulation combining **magnesium** — essential for **maintaining nerve and muscle function** — and **Vitamin B** to support **energy metabolism and vitality**

03 Premium vitamin ingredients sourced from DSM Germany

- Contains over 100% of the daily value for Vitamin B₁ and Vitamin B₆

04 Enhanced absorption rate easy-to-take, fast-absorbing liquid type

- Liquid formulation designed for **easy, effortless daily consumption**

05 ZERO SUGAR + shine muscat flavor

- A sugar-free formulation delivering **sweet and tangy liquid magnesium without sugar concerns**

06 Non-GMO ingredients

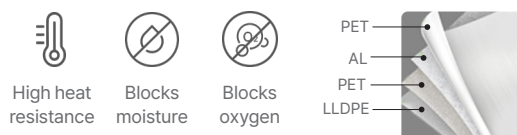

- Made without genetically modified ingredients, making it gentle and safe for the whole family to take

07 Free from all major additives and excipients

08 Four-layer safe packaging

- Four-layer packaging ensures peace of mind by blocking moisture and oxygen, with strong heat resistance

Liquid Calcium Supplement 500 mg

Convenient liquid calcium you can easily drink with just 1 stick a day

Liquid : Blueberry flavor

Adults

- Volume (1 Box): 20 g X 7 sticks (140 g) / 20 g X 30 sticks (600 g)
- Directions: Take 1 stick once a day
(7 sticks - 7-day supply / 30 sticks - 1-month supply)
- Product Type: Health functional food
- Storage Instructions: Store at room temperature in a cool, dry place away from direct sunlight

Product Features

- Contains 500 mg of highly stable micro-encapsulated Lipocal calcium
- Highly absorbable liquid form that delivers a smooth taste without any chalkiness
- **Ranked #1 overall in the "Liquid Calcium" category on Naver Shopping**
- **Made only with NON-GMO ingredients** for peace of mind

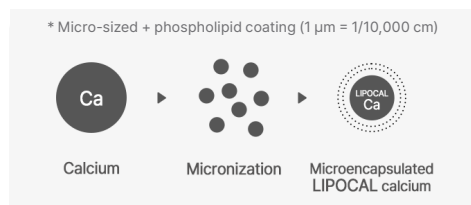

7 sticks

30 sticks

01 Microencapsulated liquid Lipocal® calcium

- Microencapsulated calcium ensures **high stability while minimizing the inherent greasy, fishy, and unpleasant taste of calcium**

02 100% non-animal premium Spanish Lipocal calcium

- **High absorption rate in the body** due to its **honeycomb porous calcium structure**
- Can be safely consumed by vegetarians and pregnant women with peace of mind

03 Enhanced absorption rate easy-to-take, fast-absorbing liquid type

- Liquid formulation designed for **easy, effortless daily consumption**

04 ZERO SUGAR + blueberry flavor

- A sugar-free formulation delivering **sweet and tangy liquid calcium without sugar concerns**

05 Non-calcined Lipocal calcium

- Preserves nutrients by using calcium processed with low-temperature enzymatic hydrolysis to **minimize nutrient destruction**

Calcined calcium

Heated at high temperatures above 1,000 °C

Low Body Absorption

Non-calcined calcium

Low-temperature enzymatic hydrolysis to minimize nutrient destruction

High Body Absorption

06 Free from the 7 major allergens

- Free from milk, wheat, crustaceans, peanuts, eggs, fish, and shellfish
