MicroDried®

FARM GROWN. TECHNOLOGY DRIVEN.

FRUIT INGREDIENTS

BUILT FOR YOUR APPLICATION. DESIGNED FOR YOUR PROCESS.

MicroDried® fruit ingredients are designed for flexible formulation with a variety of formats that can be tailored to meet your R&D and processing needs while delivering authentic fruit flavor, color, and performance.

OUR FORMAT SYSTEM

From recognizable fruit pieces to fine powder, our format system gives you the flexibility to create with confidence.

PIECES FORMATS

Whole fruit, slices, strips, chunks, cubes and dices.

FRAGMENTS

Irregular pieces that deliver texture and visible inclusions.

COARSE POWDER

Larger particle powders for texture and visual impact.

FINE POWDER

Fine powders for flavor, color and functional performance.

QUALITY YOU CAN COUNT ON

Every batch is backed by our commitment to food safety, consistency, and reliability.

TECHNICAL SUPPORT, EVERY STEP

From concept to commercial production, our team is her to help you succeed.
