LA SOLUTION CULINAIRE

diaf food
THE CULINARY SOLUTION

ROCHIAS

Culinary innovation
for the agri-food industry

Plant-based ingredients, blends, flavours and colourings, culinary and functional solutions - our range is among the most comprehensive on the market.

Our strength lies in our ability to understand your needs, anticipate market trends, and create tailored solutions that make a real difference.

FLAVOURINGS & FOOD COLOURINGS	VEGETABLE INGREDIENTS	SEASONINGS	CULINARY & FUNCTIONAL SOLUTIONS

Benoit Winstel, Sourcing Director at Colin Ingrédients and President of the ESA (European Spice Association), in an oregano field in Greece.

Mastery of ingredients and processes :

excellence at every stage

- **Rigorous selection** of raw materials from committed partners
- **Full traceability and compliance** with the highest quality standards
- **Control of processing methods** to ensure consistency and performance
- **Ongoing commitment** to food safety and the use of natural ingredients
- **Continuous development of our industrial lines** to deliver ever more effective solutions

An innovative process

A comprehensive offering

FLAVOURS & FOOD COLOURINGS

Smoky, cooked, cheese, meat, floral and sweet notes, food colourings, etc.

Flavour solutions designed to enhance the sensory profile of your products : intensity, balance and visual appeal. Our range now includes a growing share of natural flavours to meet increasing demand for natural ingredients.

VEGETABLE INGREDIENTS

Spices, herbs, vegetables, mushrooms, fruits, seeds, roasted ingredients, etc.

A rich and natural plant-based palette to enhance taste, texture and visual appeal.

SEASONINGS

Spice blends, marinades and coatings, toppings, etc.

Tailor-made seasonings combining technical expertise and creativity to meet the requirements of your processes and markets.

CULINARY & FUNCTIONAL SOLUTIONS

Culinary bases and preparations, solutions for meat and fish applications, binders, gelling agents, plant-based preparations, fibers, etc.

Technical and creative bases designed to optimise texture, flavour and performance in your industrial applications.

Innovation at the heart of our approach

Our versatile and multidisciplinary R&D team works daily in our *"culinary center"* to formulate customised solutions based on :

- → **Active monitoring** of culinary and nutritional trends
- → **Technical expertise** in formulation and natural sourcing
- → **Close collaboration** with you, our customers, to address your product, process and market requirements

Each project is an opportunity to create **high-performance, creative culinary solutions aligned with your expectations.**
